CRAB ORCHARD.

Miss Addie Holmes is visiting in Junction City.

Miss Jean Buchanan is visiting friends in Richmond.

Mortimer Adams has not been able to get out for two weeks.

W. S. Burch, of Stanford, visited the family of Mrs. Jane Buchanan, last week.

Dr. Doores has returned home, after a visit to his daughter, in Shelbyville, Ind.

The little babe of Jeff Holman has been sick, but we are glad to say is better at this time.

Miss Mary Wilson has closed a very successful term of school at the Holmes school house, at Bee Lick.

Mrs. Lizzie Cope, of Indiana, returned home last week, after a visit here to her sister, Mrs. A. J. Green.

J. C. Brooks, of Hoxie, Ark., made a short visit with his mother and sister, Mrs. S. E. Brooks and Miss Mollie.

Mrs. Bettie Adams has returned to her home, after spending several weeks with friends, in Lancaster and Bryantsville.

Joe Shannon, has sold his property on Stanford street, to H. H. Logan, and will move to Junction City in the near future.

Miss S. E. Brooks and daughter, Miss Mollie, will leave on the 8th, to spend the winter with J. R. Brooks, of Atlanta, Ga.

Miss Beulah Carson, of Stanford, has been spending several days with the Misses DeBorde, also visiting her aunt, Mrs. D. K. Faris.

Work is progressing nicely on the bank building. The brick layers and carpenters are at work early and late, wet and dry.

Mrs. J. F. Holdam and Misses Annie Bronaugh and Bert James attended the Musicales Contest at Stanford, which came off Nov. 27.

Willie Sigler, who went from here to Senaia, Ga., to learn telegraphy, is now in the graduating class and will soon be an expert operator.

S. P. Gray, who had his jawbone broken while boring for oil, is not getting along very well. The physicians fear they will have to break the bone over again, and take out some fractured pieces.

Granville Haley and two handsome young daughters, Misses Mary and Lilly, of New Albany, Ind., have been with friends here for several days, but returned to their home Wednesday.

Bro. Bruce, pastor of the Baptist church, will close his year's pastorate next Saturday and Sunday. After that time the churches of Crab Orchard, will both be without a Shepherd. Our little city, which has a population of 385, sustains one school, five months in the year, three saloons and one still house. Brethren if we do not arm ourselves for a fight, what will become of the rising generation.

CONWAY

J. M. Nave was in Mt. Vernon, Tuesday.

Wm. Hysinger was here last week, trading.

D. C. Palkins was in Lancaster, last Saturday.

W. B. Sigman has become a citizen of our village.

Thomas Wren has bought a part of S. B. Saylor's farm.

Work in this part is plentiful, but few like to indulge.

Mrs. J. H. Sigman is visiting relatives in Jeffersonville, Ind.

Your correspondent and G. W. Jones were in Richmond, Monday.

Winter is on us again and no telephone line into our town, yet, a telephone company could do a good business in this town for the next two months, sending orders "Juice of Trouble," which is used more at this place than any other article.

COUGHING SPELL CAUSED DEATH.

"Harry Duckwell, aged 25 years, choked to death early yesterday morning at his home, in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday he was seized with a fit of coughing which continued for some time. His wife sent for a physician but before he could arrive, another coughing spell came on and Duckwell died from suffocation.—St. Louis Glob. Democrat, Dec. 1, 1901." Ballard's Horehound Syrup would have saved him. 25c, 50c and \$1.00 at Chas. C. Davis' drugstore.

Oyster Bay, President Roosevelt's own voting place, which was carried by Republicans two years ago by 512 majority, went Democratic at the recent election by 131 majority.

A Robertson county farmer brought a radish to The Advance office that weighed seventeen pounds, and then claims that a large part was broken off while digging it out with a pick.

BRODHEAD

Born to the wife of C. H. Frith a fine girl.

J. H. Daam was in Lancaster Tuesday on business.

Quite a lot of fat hogs have been delivered here this week.

Mr. James Tyree has moved into his property on Main street.

The little son of Mr. and Mrs. Bradford Albright, is very sick.

Don't forget the box-supper at the M. E. church Saturday night.

Mr. Albert Butner, who has been very sick for some time is out again.

Mr. and Mrs. Grant Sigman returned to Corbin the first of the week.

J. W. Tate has been at London for several days as a juror in the Court U. S.

Mrs. Wilmott gave an oyster supper Saturday night which was well attended and greatly enjoyed.

John Cress and Bogue Brown are scaring up a few hogs and cattle in the neighborhood this week.

J. J. Wood was here Monday night to attend the Masonic meeting. Jim is a mighty good fellow and we are always glad to see him.

B. C. Anderson is putting in a turning lathe in his planing mill and he is now prepared to furnish almost anything in the way of building material.

Mr. Isaacs Storms, of Keavy Laurel county, a prominent business man, was in our town two or three days on business and we the result will be the loss of one of our widows. We have nothing against Mr. Storms, in fact we rather like him, but however in this one instance we do raise a little objection to his mode of procedure.

A MILLION VOICES

Could hardly express the thanks of Homer Hall, of West Point, Ia. Listen why: A severe cold had settled on his lungs, causing a most obstinate cough. Several physicians said he had consumption, but he could not help him. When all thought he was doomed he began to use Dr. King's New Discovery—for Consumption and writes: "It completely cured me and saved my life. I now weigh 127 pounds." It's positively guaranteed for Coughs, Colds and Lung troubles. Price 50c and \$1.00. Trial bottles free at all druggists.

And now Representative Babcock would have us believe he was "the original Cannon man."

H. H. HENNINGER,
Of Wayne county is a candidate for State Treasurer, subject to the action of the Democratic party.

BECKHAM, the Breckinridges, Hendricks and others have had sufficient honors and emoluments of office. Our own James D. Black is the man who should have the nomination for Governor. He has fought the battles of Democracy for years and has been "horned off" from time to time. Politicians who have reaped all the honors and benefits are included in the list above mentioned. The mountains certainly deserve some recognition, especially when a man of Mr. Black's standing and qualifications come in question. The mountains, so called, will prove, within a few years, with its oil, coal and lumber, to be the richest portion of Kentucky. Mr. Black is a citizen of the mountains and proud of it. We are for him and the whole State ought to be the same way.

THERE is a great feeling of confidence among the democratic members and senators who are assembling in Washington this week. They all believe that the republican party is about to demonstrate to the people its inability to legislate for the interests of any but a comparatively few capitalists and they are confident that the good sense of the American people will cause them to revolt and will result in a democratic landslide in 1904. There is no little anxiety among the republicans themselves and particularly on the part of the President. They appreciate that they stand between the people and the trusts and protected manufacturers but they dare not abandon the latter and trust themselves to the mercies of the former.

REPRESENTATIVE RICHARDSON of Alabama, who succeeded to the district represented by General Joe Wheeler, says, "It appears to me that the democrats have a great opportunity now, if they only behave themselves and don't get foolish. I believe they will make the most of the position. True, we have no great leader but I believe we will eventually select a good man. Great opportunities always bring out men of the proper calibre. We must be careful, however, not to frighten the business interests."

THE Somerset Journal has come forth as a semi-weekly. Editor Campbell is exerting an unusual energy to give his readers a bright, newsy, up to date paper and one worthy of their appreciation. No paper that comes to our desk is read with more care than the Journal and the oftener we receive it the better we like it.

According to Engineer James C. Stewart, the British bricklayer lays an average of 450 to 600 bricks per day, while the American lays 2,000 to 2,700 bricks per day. When the American bricklayer gets \$18 per day, which is what he earns as compared with the British laborer, wages in the United States will be as high as those paid in England.

A great opportunity confronts the democratic minority in Congress. They have only to unite on a single, reasonable policy, be frank and consistent and earn the respect of the country and they will deserve victory in 1904. The great responsibilities are all with the republicans.

Washington city is the Mecca for the colored race and white cranks. The convening of Congress always means an influx of people who have buzzing brains, craving stomachs and empty pockets.

HICKORY CHIPS

It is a question how long Pat can stand on the present tariff.

The annual hold up, otherwise known as the appropriation bills, is now in order.

The bear that scoots away May dodge the President another day.

The President voices the sentiment of the whole people when he says the republican party now has the opportunity to "make good."

The President has a large admiration for men "who do things". What will be his opinion of his party on the 4th of March?

If that Hindoo gamekeeper could measure the situation here he would doubtless say, "The republicans threaten a great deal, but God will be merciful to the trusts."

The President's advisers are fearful that his strong position on the trust question will but serve to emphasize the servitude of the republican majority to the trusts.

Between his own conviction that the tariff is too high and his desire to avoid saying what his political advisers tell him will defeat his chances for nomination in 1904, President Roosevelt is experiencing what the French call "a bad quarter of an hour."

Pres. Mitchell and his union seek the privilege of saying who shall be at liberty to work; Pres. Baer and his associates desire to monopolize the material on which alone non-union and union laborers can find an opportunity to work. Much fraction, but no heat.

Two hundred corporations in this country represent an aggregate capital of \$3,500,000,000. They employ 400,000 workers, pay \$250,000,000 in wages and have an annual output of \$2,000,000,000. Does anyone seriously believe that the labor represented by this output was worth only one-eighth its value?

Now that the republican party confronts a demand for anti-trust legislation, Senator Cullom has found that the present law is all sufficient. We have frequently remarked that fact and have asserted that a few prosecutions under the criminal provisions of the law would secure respect, but no republican attorney general dare enforce it.

FOILS A DEADLY ATTACK.
"My wife was so ill that good physicians were unable to help her," writes M. M. Austin, of Winchester, Ind., "but was completely cured by Dr. King's New Life Pills." They work wonders in stomach and liver troubles, cure constipation and sick headache. 25c at all druggists.

Mr. J. W. Sears, of the Kentucky Nursery, having returned from his prospecting trip satisfied to remain in Kentucky and having among the first things done upon his arrival, bought back his farm upon which his nursery is situated, will enter with new energy into ginseng cultivation. He is of the opinion that the best money is in raising the root to sell after dried and the annual sale of surplus seed. "Never sell a plant at any price" will be his motto in future—Somerset Journal.

THE PRIDE OF HEROES.
Many soldiers in the late war wrote to say that for Scratches, Bruises, Cuts, Wounds, Corns, Sore Feet and Stiff Joints, Bucklen's Arnica Salve is the best in the world. Same for Burns, Scalds, Boils, Ulcers, Skin Eruptions and Piles. It cures or no pay. Only 25c at all druggists.

The people are in no humor to remain contented with a bone thrown to them when they are becoming aware of the solid meat that is espensed, through legislation, to men who do absolutely nothing towards development of resources, using in a great measure the surplus of the middle class of people all over the country to float their inflation schemes.

The House Wednesday passed the bill appropriating \$50,000 to bear the expenses of the miners' strike commission.

If you want to see the number of ill-mannered, ill-tempered people in the community, just spend a few minutes in the telephone exchange, and you will be surprised to see how many there are. People who are considered respectable gentlemen (and ladies too) will yell at the operator and show in an instant that they have been brought up without any regard to good manners, and in some cases without being taught the first principles of politeness. Any one with a thoughtful of sense knows that an operator cannot answer half-a-dozen calls at once, yet people grind the crank on the phone like it was the handle of a coffee mill, and speak in a manner that they would not dare use to a person's face. Its pitiful to see a man so depraved, but there are many such cattle in the world, as we clearly saw the other evening while spending a few minutes in a telephone exchange not more than a thousand miles from the record office. A gentleman will act the gentleman, under all circumstances, and a tough will act the tough, equally as certain.—Lancaster Record.

BALLARD'S HOREHOUND SYRUP. Immediately relieves hoarse, croupy cough, oppressed, rattling, rasping and difficult breathing. Henry C. Stearns, Druggist, Shullsburg, Wisconsin, writes, May 20, 1901: "I have been selling Ballard's Horehound Syrup for two years, and have never had a preparation that has given better satisfaction. I notice that when I sell a bottle, they come back for more. I can honestly recommend it. 25c, 50c and \$1.00, at Chas. C. Davis' drugstore."

A canvass of the recent State election by the Election Commissioners shows a Democratic plurality of 35,376. The total vote cast was 229,499, a decrease of 200,000 from the vote for President in 1900.

HE FOUND A CURE.
R. H. Foster, 318 S. 2d Street, Salt Lake City, writes: "I have been bothered with dyspepsia or indigestion for 21 years, have tried many doctors without relief, but I have found a cure in Herbine. I recommend it to all my friends, who are afflicted that way, and it is curing them, too." Sells at Chas. C. Davis' drugstore.

The Court of Appeals, Judges Hobson, White and Paynter dissenting, yesterday reversed the decision of the Scott Circuit Court in the case of Caleb Powers, charged with complicity in the Goebel assassination conspiracy, and remanded the case for a new trial. The chief ground of reversal was the failure of Judge Cantrill to vacate the bench after the filing of the defendant's affidavit claiming that Judge Cantrill was prejudiced against him. The admission of certain evidence is also held to be in error. The opinion was prepared by Judge O'Rear. The dissenting Judges did not file a minority opinion, and probably will not write one.

FAVORITE FAMILY REMEDY.
Frequently accidents occur in the household, which cause burns, cuts, sprains and bruises; for use in such cases, Ballard's Snow Liniment has for many years been the constant favorite family remedy. 25c, 50c and \$1.00, at Chas. C. Davis' drugstore.

WILLIAM FRENCH,
dec-5-4t. Livingston, Ky.

Uncle Henry Fish writes from Winchester that the meteor, which fell several nights ago, struck near that point, that it took forty gallons of water to cool and that one of the saloon keepers of Winchester, now has it on exhibition, and there are so many visitors to see it,—all of whom of course has to take a drink, that it is almost impossible to get enough men to wait on the customers. Uncle Henry must have been around to see it just before he wrote his letter. A. B. Furnish is the possessor of that letter, and will gladly give further information, concerning it.

The Frith Hotel, Brodhead, has the reputation of being the best in the mountains and right up-to-date in first class meals and seleeping apartments. A San Francisco, Cal., man stopped at that house a short time since and told the landlord that his house had been recommended by a traveling man who had been over and through most of the states, saying that the Frith gave accommodations equal to many \$4 a day houses that he had stopped at in his travels. You get the best of homelike treatment, a first class table and all one could desire and at moderate rates.

MT. VERNON COLLEGEIATE INSTITUTE.

A WORD TO OUR CITIZENS.

The citizens of Rockcastle county may becomigly exercise an honest pride in the fact that at Mt. Vernon we have an institution of learning in which there are great possibilities.

A noble public spirit—a wide-awake citizenship—naturally rejoices at the privilege of sustaining a worthy Home Institution.

But may it not be well for us to renew our inquiries as to the needs and possibilities of this field? There are many hundreds of young people in Rockcastle county who will never have the privilege of a requisite course of study, of a College course of training for life's hard battles, unless they may use their opportunity for this course of study at Mt. Vernon.

It is the purpose of the College-iate Institute to bring this great privilege of mental training within the reach of the young people of the county.

In this worthy effort we come to ask the hearty cooperation of every citizen who considers the future of this region of the state and the possibilities of its young people.

Our dormitory which will add much to the facilities of the school, may be safely promised for next season. An Industrial Department, in which students may have the privilege of earning their way through a course of study is being planned. There will be instruction and practical training along many lines or Industrial pursuits.

There are enticing opportunities here whose doors will surely open to us soon, if the great body of the citizens of Rockcastle county may be induced to turn their eyes to home advantages and patronize our own Mt. Vernon Institute. Other schools are worthy and may offer great inducements, but the county or district which cheerfully patronizes its Home Institution is the county which prepares for an educated class of citizens. An extensive and thorough course of mental discipline is already open to all who come.

Valuable additions are being made to the library and a number of periodicals come each week to our Reading Room. Special consideration will be given to the needs of the teachers of the county and a course of study adapted to their wants will be selected.

Special drill will be given in elocution and reading, literature and literary composition. More teach-

ers will be employed. No pains will be spared to make it a success. We appeal to the worthy citizens of Rockcastle county, especially, to assist this enterprise by a special effort during the Winter term. Our numbers should be many times multiplied. Berea and London make worthy efforts and fill up their schools. Mt. Vernon can do the same.

Let all remember the Oratorical Contest and Literary entertainment to be given in College Chapel, Friday evening, December 19. Let all parents prepare to patronize the Home Institution, all sending their children. CHAS. R. HUNT, Prin.

Teachers who require written
excuses for tardiness from parents
of pupils sometimes receive very
amusing notes. Here are a few
specimens from a number received
by teachers and recorded by a
Chicago paper. "Dear sir, please
excuse James for lateness. I
kneaded him after breakfast."
A second note reads: "Please for-
give Billy for being tardy. I was
mending his coat." The third ex-
cuse goes more into details, but is
none the less interesting: "Mister
sir, my Jason had to be late to-day.
It is his bizness to milk our cow.
She kicked Jase into the back to-
day when he wasn't looking or
thinking of her actin'; so he thot
his back was broke, but it ain't.
But it is black and blue, and the
pane kept him late. We would
get rid of that cow if we could.
This is the fourth time she kicked
Jase, but never kicked him late be-
fore. To excuse him for me."
A girl absent for half a day brought
the following satisfactory excuse:
"Miss teacher—my dotter's absent
yesterday was unavoidable. Her
shoes had to be half-souled, and she
had a sore throte. Her konstitutum
is delikit and if she is absent
any more you can know that it is
an account of unavodabel sickness
or something else." A boy absent
for half a day laid the following ex-
planation on his master's desk:
"Dear sir, please excuse Henry.
He went to grandpa's funeral with
me this forenoon. I have been
promising him for several weeks
that he might if he was good, and
he has been very good, so I kept
my word."

SCRAPS.

(BY JET.)

There is a humorous little story
related of the late Dr. Blackie. It
is said that he added to a natural
venerable appearance by a rather
patriarchal garb. He was met one
day by three irreverent young stu-
dents who thought to make fun of
this peculiarity. Doffing his cap,
the first bowed low and said,
"Good day, Father Abraham!"
The second, with like humility,
said: "Good day, Father Isaac!"
The third approached and said:
"Good day, Father Jacob!" Dr.
Blackie regarded the three young
scamps with much gravity for a
second, and then replied: "I am
neither of the patriarchs with whose
names you have honored me. I
am Saul, the son of Tish, sent out
to seek my father's three asses, and
lo, I have found them."

Dear reader, please, for Heaven's
sake, if not for the poor newspaper
man's, remember that it is necessary
to give your old address when
ordering your paper changed to a
new address. Unless this is done,
it is necessary to look over several
hundred post office lists to find
where your paper is going, and it
is often impossible to find your
name in less than an hour's time.
When ordering a change please say
"Change my paper from Fiddler's
Green to Jones' Cross Roads" and
the paper man will know what you
are talking about. This matter
causes more trouble in a printing
office than nearly any other one
thing.

Because the bride-elect wore
openwork stockings when she went
to get married in Elizabeth N. J.
the other day, the wedding was bro-
ken off. The groom did not like
the style of hosiery. The young
woman said she'd ware what she
pleased. The man said she must
choose between him and the stock-
ings. She stuck to the latter. On
such trivial things is matrimony de-
cided by the giddy youth of today.

An exchange puts it to Mr. Prosper-
ity in this light and awaits an
answer: If a railroad company,
which which has been seized with a
violent spasm of philanthropy and
voluntarily advances the salaries of
its employees to Per cent., follows
it up by advancing freight rates 20
per cent., and the merchants get in-
to line by advancing their prices for
the necessities of life about 30 per
cent.;—in other words' if the labor-
er gets a 10 per cent. rise in salary
and 300 pdr cent. rise in the cost
of living, who pays the freight?

Mrs. Carrie Nation, who was born
and raised in this county, continues
to attract attention all over the
country by smashing saloons. She
attended the New York horse show
last week, and, walking up to the
private box occupied by the Vander-
bilts, proceeded to deliver a stump
speech to the rich and merry party.
She told them they had better take
some of the money they were wait-
ing on fine cloths and give to the
poore, or lend a helping hand to
suffering humanity, etc. She was
telling the high-livers the gospel
truth; and a few more such bomb-
shells should be pitched into their
camp. They live for self and self
alone, and it's a good idea to call
them down occasionally. Mrs. Na-
tion is related to some of the best
people in this county, and while
here scapads are not altogat her prop-
yet her object is a worthy one.

"After my first baby was born I did not
seem to regain my strength although the
doctor gave me a tonic which he consid-
ered very superior, but instead of getting
better I grew weaker every day. My hus-
band insisted that I take Wine of Cardui
for a week and see what it would do for
me. I did take the medicine and was very
grateful to find my strength and health
slowly returning. In two weeks I was out
of bed and in a month I was able to take
up my usual duties. I am very enthusi-
astic in its praise."

Wine of Cardui reinforces the organs
of generation for the ordeal of preg-
nancy and childbirth. It prevents mis-
carriage. No woman who takes Wine
of Cardui need fear the coming of her
child. If Mrs. Unrath had taken
Wine of Cardui before her baby came
she would not have been weakened as
she was. Her rapid recovery should
commend this great remedy to every
expectant mother. Wine of Cardui
regulates the menstrual flow.
